Pre-Conference Workshop on ICDI3C 2023

Department of Electronics and Communication Engineering organized the Pre-Conference Workshop preceding the 7th International Conference ICDI3C, to be organized in May, 2023. The Workshop was coordinated by Dr. Utsab Banerjee (Assistant Professor, Dept. of ECE), with the active support of the Depts. of ECE and EEE.

The Workshop was conducted on 8th April 2023. The Workshop started at 9.00 am, with the dignitaries Dr. I Hameem Shanavas (Head of the ECE Department), Dr. Soumya Mishra (Head of the EEE Department) and Mr. Ashwin G. S., Division Head, Mission Operation QA & Configuration Control Division, UR Rao Satellite Centre, ISRO, Bangalore, present on the stage. Mr. Ashwin G. S. had been invited to the event to deliver a Guest Lecture on 'Activities and Opportunities in Space and Beyond'.

324 students from the 6th and 8th Semesters of ECE and EEE Departments attended the Workshop.

Affiliated to VTU, Belagavi, Approved by AICTE, New Delhi, Recognized by UGC with 2(f) & 12 (B),
Accredited by NBA & NAAC

Welcoming the Guest Speaker Mr. Ashwin G. S.

Mr. Ashwin delivering his Talk

In this Lecture on 'Activities and Opportunities in Space and Beyond', which will be immensely helpful to the students of EEE and ECE, Mr. Ashwin focussed on the modern research areas in Space technology, and also gave useful indicators on possible research endeavours in this field. Mr. Ashwin also demonstrated the different perspective views of a space vehicle, with interesting diagrams and demonstrations.

The lecture was rich in content and was successful in influencing the student audience. The students interacted with Mr. Ashwin and clarified their doubts.

The event concluded with a Vote of Thanks to the esteemed Guest.

Dr. Rajeswari is honouring the Chief Guest with a Token of Appreciation

Outcome:

The outcome of the event can be summarized as follows:

1. Students learnt about the various applications of Space Technology.
2. They learnt about the practical challenges that Design Engineers associated with Space technology are facing, currently.
3. They got an idea of the modern and upcoming research trends in Space research.
