

## MATLITE Club Activity – Speak Math

The Department of Mathematics, MVJ College of Engineering organized a MATLITE Club Activity ‘**Speak Math**’ on 28<sup>th</sup> July 2023 at Seminar hall 6.

The event started at 12.00 pm, with an introduction to the **MATLITE Club event, ‘Speak Math’**. At this event, 24 groups of First-year students (with two individuals in each group) from various sections of Physics and Chemistry cycle participated actively. Dr. G N Mohapatra, Principal Scientist, CSIR 4Pi, Bangalore was the Chief guest for the Club activity.

**The MATLITE Club Activity- Speak Math, organized at the Seminar Hall 6, MVJCE on 28<sup>th</sup> July 2023.**

The activity comprised of two rounds, preliminary and final rounds. The major aim of this club activity is to make sure that an individual would use their basic Mathematical logics to solve aptitude based questions effectively and give an impromptu talk.

**Students actively participating in the MATLITE Club Activity ‘Speak Math’.**

In the ‘Preliminary round’, participants were expected to solve 10 basic Mathematical logic questions in the stipulated time of 10 minutes. Participants were shortlisted based on their answers to these questions and the time consumed. The participants who gave the appropriate answers in short duration were qualified to the ‘Final round’.

**Students during the second round of the club activity.**

During the final round, participants were given 10 topics related to mathematics. Participants were expected to choose a topic and give a talk on it. The duration for the talk was 5 min (3+2). Participants who spoke logically and effectively were chosen to be winners and runners. The first and second prizes were awarded with a cash prize and certificate.

**Dr. G N Mohapatra during the Club activity.**

Following are the details of the winners and runners.

1. Ameen M J and Ashish Ramesh from A section secured the first prize.
2. Likitha D and Abhishek M from M and L section respectively secured the second prize.

**Outcome of the Event**

The event led the students to understand the importance of logical mathematics in the quantitative aptitude. This activity enhances an individuals' knowledge towards logical thinking and its benefit. The activity helps a student to work under a stipulated time without stress and deliver the topic. The main aim of this activity is to make sure that an individual is able to identify the logic and solve quantitative aptitude questions.
