Report on Mi Power Training

The workshop was focused on the different usages of MiPower software application. The training was given by resource person from PRDC Bangalore. In this workshop the application of MiPower for load flow analysis ,short circuit analysis, transient stability studies has been taught. 20 faculty members have attended the workshop.

The agenda of workshop as follows.

Date:3/8/2015

Morning session: The basic of Mipower and demos has been thought .

Afternoon session: brief usage of tool box

Date:4/8/2015

Morning session: Simulation load flow anlalysis.

Afternoon session: Simulation of short circuit studies.

Date:5/8/2015

Morning session: Simulation of transient stability studies

Afternoon session: Simulation of economic dispatch problem

Workshop on "MPower" organized by department of EEE held from 03.08.2015 to 05.08.2015 at computer lab EEE, MVJCE Bangalore. Hands on session by Mrs. Sandya RJ (Manager R&D team, PRDC Bangalore)
