Engineered for Tomorrow

NIC Club Event-COMPOMANIA

MVJ College of Engineering, NIC Club hosted a two round competition for the students of computer science department and first year students. This event allows the participants to explore wider range of search capabilities. The participants will be tested on their knowledge of the current technical affairs, efficiency to use the internet as well as their coding abilities.

Date of the event: 5th October 2016
Start of event: 10.00 A.M.
End of event: 3.30 P.M
Number of participants (groups): 70
Details of venue: CSE LAB
Faculty coordinator: Mrs. Madhusmita Das
Events at a glance:
1) General computer quiz
2) Web debugging

General quiz

The first round was a general quiz round. It was a simple MCQ test that also doubled as a qualifier round. Questions included topics such as keyboard shortcuts, real world knowledge of various high valued IT companies and such. There were twenty questions and a fifteen minute test. Participants were allowed to participate individually or in groups of two. The top twenty participants/groups advanced to the next round.

Web Debugging Round.

The qualifiers of round one were now given separate computer systems and an active internet connection. A predefined error filled website(made by Sanathan (5th SEM, CSE)). Participants had to find out errors in the predefined error filled website and write down the errors on sheet provided to them. The round was 30 minutes long, with extra advantage given to participants who submitted their errors early. This round was based on complete knowledge of HTML.

WINNERS

First place: Parag 1mj13cs090

　　　　　Himanil Gole 1mj13cs053

1st Runner Up: Swetha V Tiwari 1mj15cs160
           Sidarth Menon 1mj15cs147

2nd Runner Up: Shreyas M S 1mj14cs131
           Sanjay Jayraj 1mj14cs124

We express our thanks to the Management, Principal and Head of Departments, for permitting and arranging the NIC Club event
