

### NSS Activity in Ashrayatham

The NSS unit of MVJ College of Engineering has been visiting Ashrayadhama, an orphanage near Kadugodi, since 14th November 2016. The students are divided in different batches to teach the students various subjects like maths, science and languages. This initiative is taken by the volunteers to help the much-needed students in their academic. The NSS volunteers have been showing up their dedication in teaching the students daily. We have been experiencing heart filling joy by teaching and spending quality time with the students. We thank the NSS unit, MVJCE for providing us the opportunity to serve the humanity. We very happy to continue the good deed.

We have listed few Services that we involve our volunteers in Orphanage to start with

**Educational Service:** about 120 volunteers are weekly visiting the orphanage to provide some educational service regularly during weekends. To start with a group of 10 volunteers in batch wise for 10 weeks teaching them Computer fundamental and spoken English. (This enhance their knowledge on the updated trends). We are prepare a syllabus and will send volunteers' interested, to ensure to teach the best way possible.

**Donate Stationary Item:** There are 25 Children, during our visits we will check their needs and purchase the same.

**Serve Food:** Food is been out sourced for them on regular bases by their Trust itself. We can help them celebrate some festivals like Diwali, Dashara, New Year. Our College can provide special food with intimation during some festival days.
